Football and OAA

Football:

The pitch is split into two halves with a centre circle and two areas where the GKs can use their hands to catch or save the ball.

Positions/Tactics: Certain players will be better at certain skills which will help decide what position they play: GK, DEF, MID, ATT are the main positions. Tactically in a game you need a balance of positions, not all of the team can be attackers.

GK: Goal Keeper **DEF:** Defence **MID:** Mid Field **ATT:** Attack

Shooting: In order to win a game, you need to score goals, usually by shooting at the goal. Being able to shoot accurately and powerfully is a perfect recipe for success!

Aiming away from the goal keeper and into the corners of the net give the best chance for scoring a goal.

Problem solving

Trying ideas before deciding on a solution will help you to come up with the best ideas.

Navigational skills

Holding a map so that the items on the map match up to real life will help you to read and understand the map and situation

Communication

Take turn when giving ideas and do not interrupt each other.

Reflection

Think about when and why you are successful at solving challenges to help you in the future.
